GHANA PERMACULTURE INSTITUTE NATIONAL VOCATIONAL TRAINING INSTITUTE (NVTI) PROGRAM 2023/2024

GPI NVTI PROGRAM

The Ghana Permaculture Institute is a pioneering permaculture educational center in West Africa that promotes permaculture methodologies and sustainable methods. The Institute was founded in 2004. GPI works with all levels of people in society. We train and empower youth, women, and peasant farmers in entrepreneurship and sustainable agriculture. GPI is offering a two-year agriculture proficiency course. This course is practical-based training. We have the necessary facilities and equipment to facilitate our programs.

GPI NVTI AGRICULTURE PROFICIENCY COURSES

Students will have the opportunity to study courses on, permaculture designs, agroecological systems, organic farming, patterns and landscape designs, vegetable farming, land management, value addition, animal rearing, including poultry, snails, and grasscutters, mushroom farming, agribusiness and agro-processing, moringa cultivation and processing, community project development, entrepreneurship, and financial management. Students will have the opportunity to offer all these courses within their two years of study at the Institute.

GPI SHORT COURSES

Interested applicants can apply for short courses, including:

- Mushroom Production
- Moringa Cultivation
- Cosmetics Production
- Bee Keeping Farming (honey, and wax production and processing)
- Snail Farming
- Poultry Farming
- Grasscutter Farming
- Vegetable Farming
- Integrated Pest Management
- Permaculture Design Certificate
- Entrepreneurship Development
- Projects Writing and Development
- Community Project Implementation
- Financial Management etc

These short courses are offered either individually or as combined courses and can be offered for a week, two, or a month and 3 months. The number of courses selected will determine the number of days, weeks, and months you will use to complete.
